PP FITTINGS · DIMENSIONAL REFERENCE

# PP Compression Fittings for HDPE Pipe

Original photo from the supplied product library. Illustration of the fitting family only; it does not identify a size, series or pressure rating.

## SELECTION SUMMARY

Fitting family
**Selected PP families**

Included families
**5**

Pressure rating
**Confirm for the selected series**

## LISTED SIZE COMBINATIONS

| Selected family | Listed pipe OD range | Specific combinations |
|---|---|---|
| **Equal coupler** | 20–110 mm | 9 equal-size pairs |
| **Male-threaded adaptor** | 20–110 mm | 29 OD/thread pairs |
| **Female-threaded adaptor** | 20–110 mm | 28 OD/thread pairs |
| **Flanged adaptor** | 40–110 mm | 10 OD/flange pairs |
| **Clamp saddle** | 20–110 mm | 36 OD/outlet pairs |

Selected families only, not the complete range. Each range summarises the actual combinations in the individual product sheets; not every pipe size pairs with every outlet or flange size.

This document lists selected size combinations only. It does not establish a pressure class, thread standard, service temperature, drinking-water approval or installation procedure.
